FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Pape's Diagepsin" ends all stomach distress in five minutes.

Wonder what upset your stomach—high portion of the food did the damage—did you eat cold, dry, fatty food? If your stomach is in a revolt, if you are gassy and upset, and what you just ate has fermented into starchy lumps, head aches and aches, belch gases and acids and eructate undigested food, breath foul, tongue coated—just take a little Pape's Diagepsin, and in five minutes you'll be comfortable again. Millions of men and women today know that it is necessary to have a good stomach. A little Diagepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear. If your stomach doesn't take care of your liberal diet, without relief, if your food is a damage instead of a help, remember the quick, sure, most harmless relief is Pape's Diagepsin, which comes only fifty cents for a large case at drug stores. It is truly wonderful. It is a gentle food and will strengthen your system and cause it to be ready to go on and on with a wealth of good food. It is a necessary advertisement.

ELLA WHEELER WILCOX SEES RUIN OF ROGERS IN VANITY

Doctors Fear for Sanity of Ida "Rogers," Who Poisoned Children.

By ELLA WHEELER WILCOX
NEW YORK, Jan. 8.—The traditional belief of the world is to expect a greater morality, sensibility and refinement, as compared to man. The real fact, when one studies humanity carefully, proves the contrary. Woman is more daring, more reckless, and more to sacrifice principle at the call of passion than man. After she has made her sacrifice she is braver in facing the world than is man.

But, looking a little closer into the causes, one may find a somewhat commendable explanation of such weakness in the respect. Deep in the soul of every man there lies a profound admiration, and high esteem, for the woman who is a mother. Woman is called a paradox; but man is in reality more paradoxical: worshipping, pure, womanhood, and seeking ever for his love, yet so soon as man reaches adolescence he sets forth on life's journey, using every means to reach the goal and avoid woman from her pedestal.

WANTS LOVE ONLY
After he has achieved his seeming purpose and the woman has fallen into his arms, there is ever profound love. He loves, and he loves her really does a woman and achieves his aim by the conquest of her love. He does in the thought that she has fallen into the power of his love. The natural impulse of every lover is to love the woman who is his. The woman who is his is the woman who is his. The woman who is his is the woman who is his.

His art was loving; hers set his sign
Upon that youthful forehead, and he drew
The heart of woman, as the sun draws
Love feeds love's thirst as wine feeds love's wine.
Nor is there any poison from the vine
Which makes men drunken, like the subtle brew
Of love's crushed by blood, and he grew
Isolated with that draught divine.

of thousands of men who have gone to the last, have preferred to commit with a brutal, unfeeling will and so receive the superficial respect of the world rather than truly manly to the man whose reputation has been made questionable by his own misdeeds.

'Constitutional Psychopathic 'Inferiority' Ban

Now that the House of Representatives has concurred in the Senate amendment to the immigration bill excluding from the United States persons afflicted with "constitutional psychopathic inferiority," it is in order for someone to discover what that is. This is the amendment recommended by the American Medical Association and other medical organizations, and adopted by the Senate when not a member of that body knew what it meant. Neither did anyone in the House know what it meant, but it was adopted merely because the medical men and alienists had recommended it.

Senator Gallinger, formerly a physician, said that the phrase might be used to exclude almost anyone from this country, because no physical man is perfect. "Who is to say when a man is inferior?" he asked, "and inferior to what?"

Special Notice. WHAT CAUSES COLDS?

This question and "How to Prevent Colds" is asked a thousand times every day. A cold is really a fever, not always caused by the weather, but due to a disordered condition of the blood or lack of important food elements. In changing seasons food elements are essential because they distribute heat by reaching the blood and so render the body better able to withstand the varying elements.

The Combination that Opens:

excitement and heart-throbs.

There is Arnold Daly—America's premier actor, in his first appearance in Pathe pictures. There is Sheldon Lewis, conceded the best of character actors of the younger set. There is Pearl White, dainty, pretty, fascinating, romantic, talented Pearl White, fresh from her successes in the "Perils of Pauline."

There is Arthur B. Reeve, long since admitted the most popular of short story writers. His detective creation, Craig Kennedy, has grown and grown in public esteem until today,

no fiction character can compare with him. Craig Kennedy, made famous by the Cosmopolitan Magazine, dominates the "Exploits of Elaine."

Then there is Charles W. Goddard, renowned playwright, author of "The Ghost Ship," "The Ghost from the Sea" swept the cities and the people of the country off their feet.

STERLING ALE

Sterling is a distinct type of ale.

BREWED to meet American conditions. it retains the full body of an old stock ale without its tart flavor and high alcoholic content. It has all the sparkle and zest of so-called cream ales without their lack of substance and excess life.

You will find it at the blue and white tap.
